Click Schedule Payment next to the bill type you would like to schedule a payment for.

Click the down arrow and choose the checking account you would like to use to schedule your payment.

Choose a date you would like to have your payment scheduled for. The scheduled date must be on or before the actual due date.

Read the disclaimer, and click on the check box to accept the terms.

Click Schedule Payment.

The following screen is when you cancel a scheduled payment.

To cancel a schedule payment, click Ok.

Your schedule payment will be cancelled. You are still responsible to pay any outstanding balances.
