Dear Mr. Morrell:

On January 8, 2009, I had the opportunity to review the site plans for the Global Vascular Institute, proposed for 100 High Street.

The Bureau of Fire Prevention has deemed that emergency vehicle access is adequate based upon the drawing entitled "Site Sewer Plan".

Sincerely,

Re: Abandonment and Sale – Portion of Goodrich Between Ellicott and  
Michigan Streets

Dear Mr. Hannon,

Thank you for your December 10, 2008 correspondence concerning the aforementioned matter. Please be advised that our Department has no objection to the proposed abandonment and sale. Based upon the excellent materials that were provided with your correspondence, it clearly appears that the property is appropriate for sale and that it will be utilized for a worthy public purpose and redevelopment. Our Department cannot respond to the issue of any potential water and/or sewer lines.

Very truly yours,

  
H. McCarthy Gipson  
Commissioner of Police
