Seeking the best and brightest to apply to Mayor Byron Brown's Urban Fellows Internship Program (UFIP). UFIP is designed to introduce our region's most talented college students and recent graduates to local government and public service, through hands-on practical learning experiences.

This program gives young people an opportunity to work in the fast-paced Division of Citizen Services. During the internship, fellows are able to create new and innovative programs.

Internships are available during both the fall and spring semesters. A summer session is also available.
