WASTE GENERATED IN PLANNING UNIT SENT FOR DISPOSAL (MATERIAL NOT RECYCLED)

- In this section, report all material sent for disposal.
- Using this data, material generated within the planning unit can be tracked from the point of generation to the place of final disposal.
- An ***intermediate destination facility*** is a facility used for processing, sorting or consolidation before being sent to a disposal facility.
- A ***final destination facility*** includes facilities that accept waste for final disposal (landfills, municipal waste combustors, out-of-state disposal facilities).
